TANGO AROUND THE HORN

by the late Larry Barber--the story of the World War II voyage of America's last big sailing ship. This fascinating book is now available at Sextons on Hayden Island, or Freshwater News for \$13.95

Barber became the last "marine editor" of the Oregonian, in 1941. While covering the wartime shipbuilding boom, he found the six-masted 360' Tango loading lumber in St Helens and followed it downriver. In the 1980s he met two of the crew, learned the full story of their voyage to South Africa, and finished writing the book at the age of 90.
