Who We are and What we do...

CRYA Is Working Hard To Improve Recreational Boating for Everyone!

CRYA was founded 87 years ago to encourage sailing and racing yachts on the Columbia River and its tributaries. A lot has changed since then, but today the CRYA represents 19 clubs and over 2000 members serving as a central coordinator for the following main categories.

1. Cruise Schedule coordination/printing
2. Annual Golf Tournament Fundraiser
3. Opening Day Boat Parade Coordination and oversight
4. Oregon State Marine Board, River Patrol support, Boating agencies
5. Daughters of Neptune/Boater safety support

Our Mission is to help make recreational boating better by promoting new and improved facilities, and water safety and training for the boating community. It is also to be the conduit between member clubs and county, state and federal programs that facilitate and promote these goals.

- October 12 (Mon.)Columbus Day
- October 31 (Sat.)Halloween
- November 11 (Wed.)Veteran's Day
- November 26 (Thurs.)Thanksgiving Day
- December 25 (Fri.)Christmas Day

CRYA MEMBER CLUB CRUISE ETIQUETTE

The following procedures are adopted by the CRYA in order to prevent or minimize conflicts due to overcrowding at public moorage facilities by CRYA member clubs and their members.

1. All CRYA member clubs shall prepare and submit their Club's Cruise Schedule to the CRYA Cruise Coordinator or President in order to compile and publish these cruise dates and places for the information of member clubs. The submission date of this shall be no earlier than the 1st of August and no later than the November CRYA General Meeting and is limited to the immediate following year's cruise schedule.
2. The CRYA cruise schedule as published shall have priority over any other club's subsequent scheduling of a cruise or cruises.
3. When multiple clubs select the same date and same location for a cruise that would result in overcrowding that location, one or more clubs may be requested to submit a change of cruise location for that date. Once notified, the affected Commodores and Fleet Captains shall communicate in order to solve the conflict.
 - a. The date of a club's cruise itinerary submission takes precedence over all submissions that follow
 - i. Except when a club is observed to have occupied the same location on the same weekend or holidays for two or more consecutive years.
 - b. In this situation (a. i.) the submission date precedence is subordinate to bump requests initiated by other clubs.
 - c. When using the bump rule, if two or more clubs, other than the bumped club, requests the same location in the same year, earliest submission rule applies in 3 a. above.
 - d. If a solution is not reached, it shall be resolved at the January General Meeting.
4. It shall be the responsibility of ANY club scheduling an impromptu (unscheduled) cruise at any time to consult the official CRYA schedule in order to avoid possible conflicts. If the unscheduled club finds a conflict they will be expected to allow the scheduled club first choice in dock spaces REGARDLESS of who arrives at the facility first.
5. The stated purpose of these foregoing items is to promote an orderly process in which all members of the CRYA may participate by the use of a mutual sharing procedure that will be fair and equitable to all members. The fact is that there are a limited number of recreational boating facilities and limited space at these facilities which mandates a spirit of cooperation between those boaters who wish to share them. Therefore the CRYA hereby accepts these provisions and procedures in the interest of the betterment of our boating community.
6. This schedule is NOT a reservation and regardless of the schedule, all public docks are open to the public and non-club boats should be welcomed. - Revised 2/22/20

VISITOR RULES FOR GOVERNMENT, MCGUIRE AND LEMON ISLANDS

Guidelines Government Island State Recreation Area

The following visitor guidelines have been developed to safeguard the islands' natural habitat and the health and safety of visitors and park employees and those who live and work on the island. Enforcement of park rules and regulations, which are posted around the islands, is the duty of Park Rangers. Park Management relies on the Multnomah County Sheriff's Department for law enforcement assistance.

Lemon, Government, and McGuire Islands, with 17 miles of shoreline, provide a year round Recreation Area open to day use and camping along the river. The interior is managed as a cattle lease and for the development of natural resources and is a noise buffer for the Port of Portland. Until facilities can be developed, the interior is closed to visitation, without express written permission of park management.

Prohibited items:

Firearms, except for on the shore for hunting during waterfowl season.

Fireworks of any kind, at any time.

Vehicles, including bicycles.

Glass containers.

Conduct:

Respect the privacy of others.

No loud or disturbing noises such as audio equipment, or un-muffled engines.

Do not carve, chop or damage live trees; gather only down dead wood.

No unattended or out of control fires, or fires outside the beach area.

No unrestrained pets. Dogs must be on a six-foot leash.

No littering or dumping, including partially burned items after campfires.

Use toilets provided or bring your own, do not put garbage in toilets.

There is a stay limit of two weeks.

Property and Resources:

Buildings, structures, fences, and livestock are to be respected as the property of others. The wildlife and vegetation and cultural resources on the island are not to be harmed, harassed, or removed from the island.

Come and enjoy the islands and the Columbia River, but please, leave only footprints and take only pictures.

For general Parks information: 1-800-551-6949.

On the Internet: www.prd.state.or.us

Emergency: dial 911 or hail on marine VHF channel 16.

**REPORT VIOLATIONS TO:
MULTNOMAH COUNTY SHERIFF'S RIVER PATROL
288-6788, OR VHF CH. 16.**

Multnomah County River Patrol, Columbia:

503-288-6788

State Parks Ranger: 503-280-6844.

LOCKS - SIGNALS

LOCATIONS:

Bonneville, The Dalles, John Day and McNary dams on the Columbia River; Ice Harbor, Lower Monumental, Little Goose and Lower Granite dams on the Snake River.

SIGNALS: (SUBJECT TO CHANGE)

Call VHF Ch. 14 at least 30 minutes before expected time of arrival so lockmaster can have the locks ready.

Boats not equipped with FM radios use pull-cord signals or intercom stations located near ends of downstream and upstream entrance walls to contact control room. There will be no movement in or out on red light. A green light will come on when the lock is ready and lockmaster will sound one long blast on the air horn to signal vessels to enter in the order in which they arrived, except that government and commercial vessels and rafts have precedence over pleasure craft.

When the lock is ready for exit of boats the lock-master will sound one short blast on the air horn.

IMPORTANT NUMBERS

DISTRESS:

MAYDAY, MAYDAY, MARINE VHF CH. 16

ABOUT THE BRIDGES

For general information call the Multnomah County Bridges Department 503-988-3757

These clearances are based on "ZERO WATER - COLUMBIA RIVER DATUM" which is approximately 0.5 meters less than Mean Lower Low Water. They are taken from the NOAA United States Coast Pilot document.

It is always best to error on the side of caution. When in doubt, contact the bridge operator on VHF Ch13 or by telephone for current conditions.

RIVER MILE TABLE

The “river mile” tool coincides directly with the printed and electronic charts in use without conversion between two different mileage methods.

This chart lists a landmark that is close to the given mile rather than attempt exact precision with a mile marker at an insignificant location or introducing fractions or decimals. This tool is not for precise calculations but provides a quick general tool for identifying location and calculating eta's between any two points and gives a precision of one to two minutes which puts vessels well within sight of each other or a significant landmark, assuming the mariner's instruments are giving accurate information regarding speed.

Using river miles helps in communication with the Coast Guard and the pilots. It helps to use the terms Columbia River Mile (CRM), Willamette River Mile (WRM) or Multnomah Channel Mile (MCM).

FISHERMAN'S OATH

I am a fisherman for life.
I will always be a fisherman.
It's not something I do,
it is who I am.

Fishing is not an escape.
It is where I belong,
where I'm supposed to be.
It is not a place,
but a lifelong journey.

It is a passage my father showed me,
and I will show others.
When you understand all of this,
you will know me,
and we will fish together.
